

Selling Safety Tips

1. Never share more information than is needed.
2. Never provide sensitive or personal information such as family member names, your address, phone or social Security number.
3. Be careful not to share anything which would lead to someone guessing your user name or password.
4. Only pay for items using a reliable source such as Paypal.
5. Never pay cash or accept cash.
6. Never use your bank card online to pay for anything.
7. Always better to ship an item than to meet in person.
8. If you do meet in person, ensure it is a public place with lots of people around.
9. Always stick to the website you listed your item on. Never do offline deals.
